WHAT THE GRANTS OFFER

Eligible uplift proposals may include:

- Upgrade cyber security to meet a compliance framework and supply chain assurance (like Essential Eight, Right Fit for Risk or SMB1001)
- Transition to managed ICT and cybersecurity services (reduce your risk and have your IT managed by professionals)
- Transition to cloud services
- Review your business continuity plan to respond to a cyber incident
- Develop and test an incident response plan

WHO'S ELIGIBLE TO APPLY

Territory small to medium sized enterprises with under 200 staff and a turnover of less than $10 million. See the CIBP terms and conditions.

HOW TO APPLY

Call us today to develop a Cyber Invest Plan proposal.

Read more at cyber.nt.gov.au

ASSESS
Review your current policies, systems and controls to identify what needs attention

IMPROVE
Strengthen governance and apply the technical measures needed to meet the standard

PREPARE
Develop and test the documentation and systems required for compliance and uplift

MAINTAIN
Implement and stay compliant through monitoring, updates and staff awareness

CYBER SECURITY

Protect your business with enterprise-grade cyber security, including threat detection, endpoint protection, firewalls, and ongoing monitoring.

COMPLIANCE

Meet Essential Eight and other compliance standards with professional audits, gap analysis, and remediation support.

MANAGED SERVICES

End-to-end IT and cyber support, delivered locally, with proactive maintenance, monitoring, and rapid response when you need it.

Refer to the terms and conditions for grant applicants at cyber.nt.gov.au
